3M™ DI-NOC™ Architectural Finishes

Explore the Creativity

3M™ DI-NOC™ Architectural Finishes can be applied to a wide variety of surface materials, allowing infinite creativity. With the addition of *Suede* and *Dry Wood* new patterns that incorporate the latest trends, more than 1,000 different designs are now available. The new *Matte Series* utilizes the latest technology available, including *Solid Color*, with deep, rich colors, *Dry Wood*, with the appearance of natural wood, and *Industrial Texture*, with an industrial and an organic feel. The diverse selection of additional unique designs maximizes interior design possibilities and includes *Oxidized Metal*, which simulates an anodized coating, and *Textile*, with a delicate woven texture. Experience greater design freedom with DI-NOC architectural finishes.

Matte Coating Technology

The new *Matte Series* utilizes the latest technology available. With a new state of the art matte surface, the *Matte Series* offers realistic texture by converting incident light into diffuse reflection and suppressing specular reflection. This series also provides fingerprint resistance. Explore the new world of design possibilities with 3M's *Matte Series*.

Experience the difference in texture between the existing series and new *Matte Series*.
